

IMPORTANT INFORMATION ABOUT YOUR DRINKING WATER MONITORING REQUIREMENTS NOT MET FOR

PAW PAW WATER WORKS, WV3303308

We are required to monitor your drinking water on a regular basis. Results of regular monitoring are an indicator of whether or not our drinking water meets health standards. Between 10/1/2022 and 12/31/2022, we failed to submit the required samples as indicated below and therefore cannot be sure of the quality of our drinking water during that time.

What should I do?

There is nothing you need to do at this time.

The table below lists the required monitoring and the compliance period.

Required Monitoring	Compliance Period
27, MONITORING, ROUTINE (DBP), MAJOR Failure to Monitor/Report Disinfectant By-Product Precursors (TOC and/or Alkalinity)	10/1/2022 to 12/31/2022

What happened? What is being done? (Describe corrective action)

The lab lost our sample and we didn't have enough time to collect another sample before the sampling period ended.

For more information, please contact Steven Bowers at 304-813-8545
(Contact name) (Phone number)
Or 122 Winchester St. Paw Paw WV 25434
(Mailing address)

Please share this information with all the other people who drink this water, especially those who may not have received this notice directly (for example, people in apartments, nursing homes, schools and businesses). You can do this by posting this notice in a public place or distributing copies by hand or mail.

IMPORTANT INFORMATION ABOUT YOUR DRINKING WATER

Monitoring Reporting Requirements Not Met for PAW PAW WATER WORKS WV3303308

Our water system violated drinking water monitoring requirements. Even though these were not emergencies, you, as our customers, have a right to know what happened and what we did to correct the situation.

We are required to monitor your drinking water on a regular basis. Results of regular monitoring are an indicator of whether or not our drinking water meets health standards. During periods listed in the table below, we did not monitor or test as required and therefore cannot be sure of the quality of our drinking water during that time.

What should I do?

At this time, there is nothing you need to do.

The table below lists the monitoring we did not conduct, other violations, and the associated compliance period.

Monitoring Violation	Year-Fed Report #	Monitoring Frequency	Compliance Period
03, MONITORING, ROUTINE MAJOR CHROMIUM (1020) Results Not Submitted	2023 199879	Annually	YR 2022
27, MONITORING, ROUTINE (DBP), MAJOR Failure to Monitor/Report Disinfectant By-Product Precursors (TOC and/or Alkalinity)	2023 199882	Quarterly	4QT2022
27, MONITORING, ROUTINE, MAJOR, CHLORINE Failure to Report Required Chlorine Residual With a Coliform Sample Result	2023 199877	Monthly	DEC 2022
3A, MONITORING, ROUTINE, MAJOR (RTCR) Valid Compliance Total Coliform Sample(s) Not Reported	2023 199878		DEC 2022

What happened? What is being done? (Describe corrective action)

Chromium wasn't tested by the lab even though it was on our paperwork to be tested. The other samples were lost by the lab. Samples have been or are scheduled to be resubmitted.
